South Carolina Public Service Commission Establishes Livestream and Listen Line Options for Broadcasting PSC Events

Columbia, South Carolina—The Public Service Commission of South Carolina, to further transparency and accountability, broadcasts their meetings and hearings live to the public via their partnership with South Carolina Educational Television. In addition, the PSC also provides a toll-free listen-only line for those who wish to call in and listen. The Commission's complete calendar of events is available [at this link](#), and a simplified version of the calendar with links to all dockets and the livestream portal [can be found here](#).

To access the livestream, the public can visit the PSC's website [at this link](#). This link is updated weekly or more frequently as events warrant. An archive of past livestreams can be found at SCETV's website [at this link](#). A complete record of each docket involved in hearings or meetings is available on the PSC's Docket Management System [at this link](#).

To listen in to Commission meetings and hearings, the agency has established a toll-free listen line. Those interested in listening to Commission events can call +1-855-797-9485 and, when prompted, enter the current access code: 2306 156 7308. Please note that this access code is subject to change—if the code changes, an updated code will be posted on the calendar of events [at this link](#).

For more information, follow the Commission on [Facebook](#) or [Twitter](#) or email contact@psc.sc.gov.
